

Bible Study Series for Mentees OK'd by Chaplain**Freedom to Copy and Take to Prison with No Additional Approval Necessary**

Several years ago, serving at Prison Prevention Ministries, one of our men worked with the writers of a series of studies to make them available to the prisons and jails in our area. Originally written for Campus Crusade for Christ, the studies were reformatted for easy printing use. The entire set of studies subsequently were posted online by Creative Living International for anyone's use for FREE in prisons. See the titles and links to each of the PDF studies. Students & instructors found the materials to be well written, easily understandable, and useful discipling both men and women. Furthermore, consider the following key points:

1. All these have been cleared by Walker F&CB staff as it is what Prison Prevention Ministries uses for Life Skills Seminars today at the prison, and
2. The present policy is that you can bring in up to 20 sheets of paper printed by copier, stapled, and printed on both sides. This means we can bring in materials equivalent to 40 pages. That simplifies the need for approvals, etc.

You may want to consider "Essentials of the Faith" collated at PPM, which brings together key chapters from the various studies for use as a basic introduction to our Christian Faith.

All the links are active, so you can go to each one to see if you would want to use it.

Alternatively go to the website <http://www.clbs.org/content/prison-ministries>

Keep in mind a few things:

1. Each of the books are stand-alone
2. Each of the chapters in each of the books also are stand-alone. You can work one chapter without having completed the previous chapter.
3. The website has instructions if you intend to print as a booklet. It comes out quite small, so we suggest printing regular full-size pages.

One helpful approach is to print out one or two chapters at a time. This way you are only leaving 8-10 pieces of paper with your mentee. Mentees have found it useful:

- It is not a book and so does not count against their book limits.
- It is only a few printed sheets of paper.
- The workbook format lets them keep or toss when finished.
- When you complete a chapter(s), bring in the next, etc.

We hope this helps. See the list of available studies on the next page.

Available Bible Studies & Recommended Use		
Length	OT/NT	Title
4 Wks.	NT	Joy from the Book of Philippians
6 Wks.	NT	Keys to Triumphant Living Studies from the Book of Ephesians
8 Wks.	OT	In the Care of the Good Shepherd Reflections on the Twenty-Third Psalm
		<i>Can also work for individual lessons</i>
